We hope the children enjoyed their first spell as much as we enjoyed getting to know them. Summer vacations are just around the corner. To keep our little ones indoors in the sweltering heat and to utilize their time with constructive and creative activities, we are sending a few assignments that would help the children get a grasp of the work done in the school.

Books are children best friend. Create your child's interest in different colorful books and help your children learn new things through exploring their interests. Have a bed-time story session with your kids.

Eat fruits and salads to stay healthy. Keep yourself hydrated by drinking lots of water. Surprise your mom by putting on your apron and helping her in the kitchen.

Cultivate manners: Remember the magic words? Make these a part of your personality.

Sorry

Thank You
